PUBLIC NOTICE REGARDING DESTRUCTION OF SPECIAL EDUCATION RECORDS

Notice is hereby given that Triton
Regional Public Schools intends to
destroy the records of all students
who exited from any special edu-
cation program with the birth year of
1999.

Any student, or former student,
who has reached 18 years of age,
may review and/or receive these
records by contacting the Office
of Special Education at (978)462-
7490, to schedule an appointment
by February 28, 2026. Destruction
of these records will begin on April
30, 2026.

According to federal law, parents
and guardians lose their right to re-
view or obtain these records when
their child (the student) reaches 18
years of age or starts attending a
postsecondary institution, whichev-
er occurs first. However, a parent
of a child with a disability who is 18
years of age or older may retain par-
ental rights provided that the child
has been determined to be legally
incompetent or legally incapacitated.
Upon review, a copy of any
information contained in the record
will be provided to the parent/guard-
ian or eligible student.

Once an appointment is scheduled,
the record will be held for review for
ten days after the appointment date.
If an appointment is not kept or if the
appointment is rescheduled, the file
will be held for 10 days from the last
scheduled appointment.

If no student, parent or guardian
responds to this public notice, the
school district will assume consent
to destroy the entire record specific
to the student.

In accordance with federal and
state laws, special education re-
cords are maintained for up to
seven years- after the student exits
the special education program. A
permanent record of the student's
name, address, phone number,
grades, attendance record and
year completed is maintained for 60
years.

The purpose of destruction is to
protect the student from improper
and unauthorized disclosure of the
confidential information contained
within the file. Please note that cer-
tain records may be needed by
the student
