Petition of the Massachusetts Electric Company d/b/a NATIONAL GRID
Of NORTH ANDOVER, MASSACHUSETTS
For Electric Conduit Location:

To the City Council of Amesbury, Massachusetts

Respectfully represents the Massachusetts Electric Company d/b/a NATIONAL GRID of North Andover, Massachusetts, that it desires to construct a line of underground electric conduits, including the necessary sustaining and protecting fixtures, under and across the public way or ways hereinafter named.

Wherefore it prays that after due notice and hearing as provided by law, it be granted permission to excavate the public highways and to run and maintain underground electric conduits, together with such sustaining and protecting fixtures as it may find necessary for the transmission of electricity, said underground conduits to be located substantially in accordance with the plan filed herewith marked – Elm Street - Amesbury, Massachusetts.

The following are the streets and highways referred to:

WR# 30884966

Elm Street - National Grid to install 3 phase riser at new pole 80-50 and 5' +/- 2-4" conduits in public way from new pole 80-50 to edge of private property to feed new pad-mount transformer on private property and to provide electric service to new EV charging station at 284 Elm Street, Amesbury, MA.

Location approximately as shown on plan attached.

Massachusetts Electric Company d/b/a

Dated: March 20, 2025

ORDERED:

Notice having been given and public hearing held, as provided by law, that the Massachusetts Electric Company d/b/a NATIONAL GRID be and it is hereby granted permission to excavate the public highways and to run and maintain underground electric conduits, together with such sustaining and protecting fixtures as said company may deem necessary, in the public way or ways hereinafter referred to, and to make the necessary house connections along said extensions, as requested in petition with said company dated the 17th day of March, 2024.

Said underground electric conduits shall be located substantially in accordance with the plan filed herewith marked – Elm Street - Amesbury, Massachusetts.

The following are the public ways or part of ways along which the underground electric conduits above referred to may be laid:

WR# 30884966

Elm Street - National Grid to install 3 phase riser at new pole 80-50 and 5' +/- 2-4" conduits in public way from new pole 80-50 to edge of private property to feed new pad-mount transformer on private property and to provide electric service to new EV charging station at 284 Elm Street, Amesbury, MA.

I hereby certify that the foregoing order was adopted at a meeting of the
.....
....., held on the day of, 20
....., 20

Received and entered in the records of location orders of the City/Town of

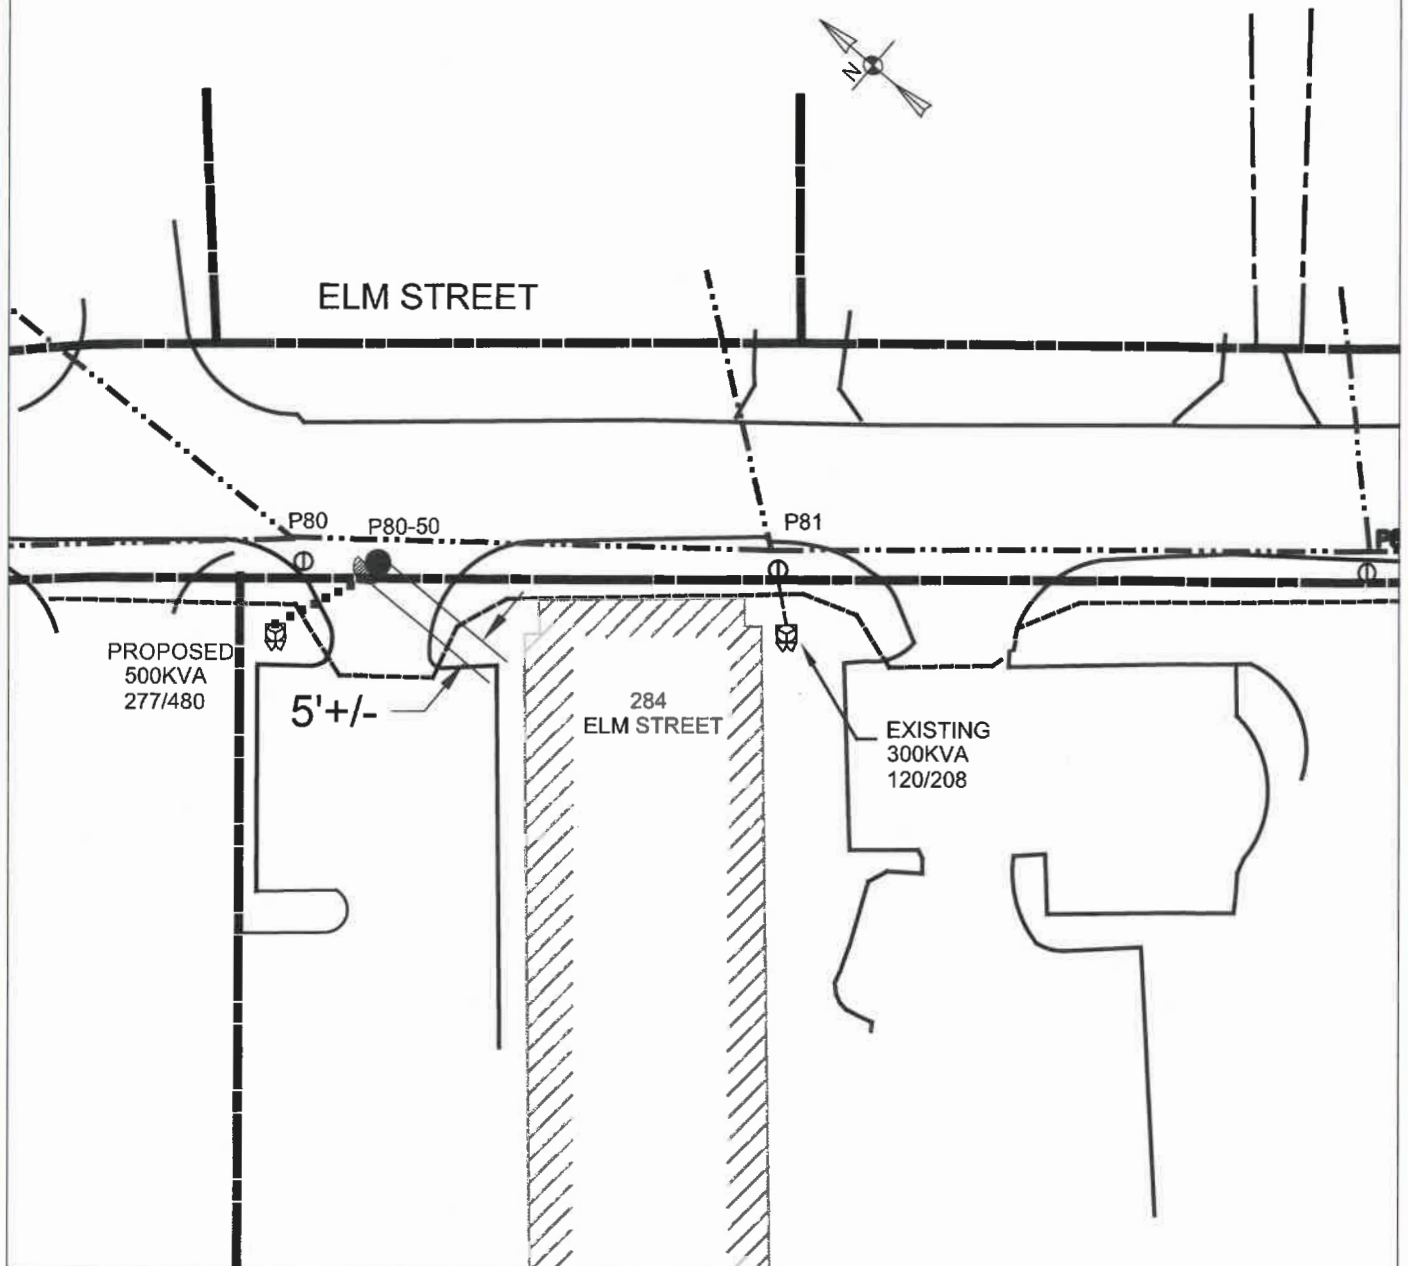

Book Page

Attest:
.....

..... hereby certify that on20....., at o'clock,M
at, a public hearing was held on the petition of
Massachusetts Electric Company d/b/a NATIONAL GRID for permission to construct the

underground electric conduits described in the order herewith recorded, and that I mailed at least seven days before said hearing a written notice of the time and place of said hearing to each of the owners of real estate (as determined by the last preceding assessment for taxation) along the ways or parts of ways upon which the Company is permitted to construct the underground electric conduits under said order. And that thereupon said order was duly adopted.

Atten: Municipal Council

Subject: National Grid and Verizon Joint Pole Pet. -
WR #30884966 284 Elm Street. Pole
Installation Petition Sketch received 5-14-
2025

Amesbury Public Works has reviewed the proposed Pole Installation requested by National Grid and Verizon for 284 Elm Street in Amesbury on the Petition Plan WR# 30884966 dated March 20, 2025 and received by the City on May 14, 2025.

Public Works has no significant concerns with the installation of a new pole 80-50. National Grid and Verizon confirm that the proposed installation does not conflict with other utilities within the edge of the City right of way prior to installation.

Public Work's review was completed to address the City's concerns of possible underground utility conflicts. This review was not intended to provide any indication that the property owners abutting the proposed pole location have no concerns with the pole.

Prior to installation or relocation of any utility pole, DIGSAFE, the City of Amesbury Department of Public Works, and the City Water and Sewer Departments shall be informed of the proposed activities.

Should additional information be required, please feel free to contact Lisa DeMeo, Assistant Director, or myself.

Sincerely,

A handwritten signature in black ink that reads "Joseph Buckley". To the right of the signature is a small, circular stamp containing the letters "PW".

Joseph Buckley
Director of Public Works.
