2026-162 An Order to request the City Council to vote to declare as surplus various municipal vehicles and equipment. **-Mayor Sponsor**
Summary: This order will authorize the surplus of the following vehicles and equipment belonging to the Fire Department

2026-163 An Order to request the City Council vote to hold the annual Classification Hearing to vote on four (4) separate items in order to establish the tax burdens for each class of property. **-Mayor Sponsor**
Summary: Annually, the City Council must hold a Tax Classification Hearing to determine the distribution of the property tax burden among residential, commercial, industrial, and personal property classes. As part of this process, the City Council must vote on four separate items: the residential factor, open space discount, residential exemption, and small commercial exemption. The City Council is being asked to hold the required hearing and approve the recommended tax classification for Fiscal Year 2027.

2026-164 An Order to approve payment from the FY27 general fund operating budget for the below listed prior year invoices. **-Mayor Sponsor**
Summary: The listed invoices below are for operating expenses related to supplies or services rendered in prior fiscal years but for which funds were not encumbered by the corresponding city department at fiscal year-end. This order requests payment be made to the listed vendors from the corresponding department's current year (FY27) operating budget in accordance with M.G.L. c. 44 s. 64. This vote requires two thirds approval of the City Council.

2026-165 An Ordinance to amend the Amesbury Code of Ordinances by adding a new Chapter 446, entitled "Virtual currency automated teller machines," to prohibit the installation and operation of virtual currency automated teller machines (ATM), commonly referred to as cryptocurrency ATMs, Bitcoin ATMs, or virtual currency kiosks. **-Mayor and Councilor Stanganelli Sponsors**
Summary: This ordinance establishes a new Chapter 446 of the Amesbury City Code to prohibit the installation and operation of virtual currency ATMs, commonly referred to as cryptocurrency ATMs, within the City. Virtual currency ATMs have increasingly been used in financial scams and fraudulent activities, particularly targeting older adults and vulnerable residents. These machines allow individuals to convert cash into cryptocurrency, often through transactions that are difficult to trace and nearly impossible to reverse, making it challenging for victims to recover stolen funds. This ordinance is intended to protect residents from financial exploitation and prevent these machines from being used to facilitate fraud within our community.
