

**XD-1**  
**Bolt-1** Wide spread

**OR APPROVED EQUAL**

**BSGA**

**Application:**  
 A limited area installed asymmetric light distribution. Designed to effectively illuminate rectangular surfaces and open spaces. The wide spread beam provides even center to center uniformity of footcandle. Provides an accurate beam spread for the luminaire. The 100' beam diameter provides an accurate beam spread for the luminaire. The 100' beam diameter provides an accurate beam spread for the luminaire.
