MEMORANDUM

Date: 8/25/2026

Atten: Municipal Council

Subject: National Grid and Verizon Joint Pole Pet. -
WR #30628380 Elm St. Pole Relocation
Petition Sketch received 6-12-2024

Amesbury Public Works has reviewed the proposed Pole Installation requested by National Grid and Verizon for Elm St. in Amesbury on the Petition Plan WR #30628380 dated June 12, 2024 and received by the City on June 12, 2024.

Public Works has no significant concerns with the installation of the pole. Public Works would request that National Grid and Verizon confirm that the proposed installation does not conflict with other utilities within the edge of the City right of way prior to installation.

Public Work's review was completed to address the City's concerns of possible underground utility conflicts. This review was not intended to provide any indication that the property owners abutting the proposed pole location have no concerns with the pole.

Prior to installation or relocation of any utility pole, Dig Safe, the City of Amesbury Department of Public Works, and the City Water and Sewer Departments shall be informed of the proposed activities.

Should additional information be required, please feel free to contact Joseph Buckley, Director, or myself.

Sincerely,

Patrick McDonald
Assistant Director of Public Works.
