Kassandra Gove, Mayor

An Order to transfer the remaining HVAC Replacement Capital Account Balance for Elm Street Fire Station Floor Repair.

Summary: This order authorizes the Amesbury Fire Department to utilize the remaining \$28,895 balance in capital from the completed HVAC replacement project (Council Bill 2025-047) at the School Street Fire Station to support repairs to the floor at the Elm Street Fire Station.

The department has secured insurance funding to cover the majority of the repair costs; however, current project estimates indicate a remaining funding gap. Reallocating the available balance will allow the department to complete the floor restoration providing the opportunity to return the station to operational status and alleviate the immediate need for additional facility infrastructure improvements at the School Street Station.

Be it Ordered by the City Council of the City of Amesbury assembled and by the authority of the same, as follows:

That the City Council hereby authorizes the transfer and use of the remaining balance of \$28,895 from the HVAC Replacement Capital Account for the purpose of completing necessary repairs and restoration of the floor at the Elm Street Fire Station.
